Credit Sense Makes Sense for YOU!

Last year, we launched Credit Sense, the very helpful tool that puts your credit information at your fingertips—either on your phone or on your computer.

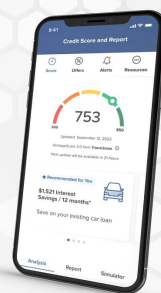

Credit Sense provides daily updates on your credit score; credit monitoring alerts; special credit offers; a customized credit score action plan; personalized tips; a credit goals simulator; and access for you to review your credit report.

You can enroll in Credit Sense in our app by navigating to the Credit Score banner and following the prompts, or by logging onto CentexCitizensCU.com and clicking on the Credit Score banner shown on your account page.

Stay on top of your credit score and stay credit savvy so you can reap the benefits of a good score: lower interest rates, better credit offers, and sometimes even lower insurance rates!

Zelle, the popular peer-to-peer payment platform, is now exclusively available through financial institution banking apps rather than its own app. What does this mean? If you were using Zelle via their branded app, you'll now need to access it through a financial institution. CCCU is proud to offer the Zelle platform on our mobile app—so you can still send and receive money conveniently!

If you're not already using our app, you can download it in your app store. To use Zelle, simply navigate to your Accounts page and find the "Send Money with Zelle" link under Quick Links. If you previously used the Zelle app, you'll need to re-enroll through CCCU. If you've always used our app for your Zelle payments, you won't notice any changes! Zelle is available on over 2,200 banking apps.

Sending money with Zelle is easy, safe and convenient any time you need to pay a someone or they need to pay you! For more information, you can talk to one of our friendly representatives.
